

Name: _____

Case: _____

When did your group meet? _____

If you were unable to attend, either arrange to discuss with your group leader separately, or send them an email with your comments on the case.

What were some of the things you discussed? If you emailed the group leader, please print it and attach it to this document. If you are the group leader, list the people who attended the discussion instead (first names are fine).

Bring this sheet to class on the day of the presentations. In the presentations and the subsequent discussion, what was discussed that was different than in your group discussion?
