

## for STAT8801 students

Today I'm pleased to welcome Nathan Hubbell from Travelers Insurance to class. He'll be talking today about what it's like to work at Travelers and one of their more interesting recent projects.

Please think of (at least) one question to ask, and (at least) one interesting thing you heard today, and briefly write them down below. Leave this sheet on the desk by the door at the end of class.

Name: \_\_\_\_\_

Write down (at least) one question you'd like to ask.
